MEMORANDUM FOR: [REDACTED]

SUBJECT : Survival Charts

1. Would it be possible for you to find out from your contacts at ACIC the following information?

a. Are the cloth survival charts (now 15 years old) going to be reprinted? If so, when?

b. If new charts are going to be printed in the near future could we be supplied with 15 each with no U. S. Government markings?

c. If no new printings are scheduled for the near future, could ACIC produce 15 of each old chart in a sanitized version?

2. Following is a list of the 36 charts now in use covering most of the world: G1 54/55, 98/99, 100 through 105, 107 through 110, 200 through 207, 300 through 307, 400 through 403 and 406/407.

3. Two charts are printed on each sheet. The North Pole sheet is scaled at 1:3,000,000 and 1:5,000,000. All others are 1:2,000,000.
